NANDHINI KALIAPPAN

Data Engineer | ETL/ELT Expert | Cloud Data Solutions | Azure & Big Data | Microsoft Fabric certified

+353-89 944 8832 | nandhinikaliappan306@gmail.com | linkedin.com/in/nandhini-kaliappan | Maynooth, Co. Kildare, Ireland

SUMMARY

Data Engineer with 9+ years of experience in designing, developing and maintaining large-scale databases, data warehouses and data lakes. Hands-on experience in end-to-end ETL/ELT pipeline development, cloud data platform architecture and data modelling for enterprise level applications. Skilled in Azure Data Factory, Databricks, Apache Spark/PySpark, Snowflake, Python and SQL. Proven ability to architect robust, scalable and adaptable data solutions long-term impact on platform and product strategy. Experienced in consulting cross-functional software and teams, design decisions made with industries best practices and emerging technologies. Seeking a full-time Data Engineering role in Ireland

EXPERIENCE

Senior Data Engineer

Ernst & Young (EY)

09/2021 - 08/2025 | Chennai, India

- Architected large-scale, robust data warehouse and lake solutions on Microsoft Azure, ensuring scalability and adaptability to business needs.
- Implemented automated data backup and archival pipeline via Azure Databricks, enhancing storage efficiency and reducing costs by 20%.
- Led design, development, and deployment of high-performance ETL/ELT pipelines using Azure Data Factory and Databricks, optimizing data processing speed.
- Provided architectural guidance and data modelling expertise to engineering and data science teams as a technical consultant.
- Researched emerging data technologies to inform architectural decisions and ensure best practice alignment.
- Engaged in all project phases, from requirement gathering to deployment, ensuring comprehensive delivery.
- Supervised Agile sprints, managing scrum ceremonies and resource allocation, to efficiently execute data engineering initiatives.

Associate

Cognizant Technology Solutions

10/2019 - 09/2021 | Coimbatore, India

- Delivered enhancements, change requests and production support on ETL pipelines using Informatica PowerCenter, Teradata, OWB, OBIEE, Appworx, and Oracle DB
- Developed Informatica mappings and workflows, performing unit testing and UAT testing to ensure quality deliverables
- Supported ETL operations using Microsoft Azure SSIS, SSMS, and ServiceNow, including on a rotational shift basis
- Performed production deployments and created automated reports for business stakeholders as part of process improvement initiatives

Senior Software Engineer

Accenture Solutions

05/2016 - 10/2019 | Chennai, India

- Worked in fast-paced, lead-driven development environment where I had a hands-on experience in the end-to-end project development lifecycle
- Developed and maintained ETL pipelines using Informatica PowerCenter, Oracle, Salesforce, and Informatica Cloud (IICS) for Salesforce data integration
- Implemented Control-M scheduling on the Siebel ETL application, automating job orchestration which reduced manual work by 50%

EDUCATION

Master of Science in Data Science and Analytics

Maynooth University

09/2025 - 08/2026 | Ireland

Bachelor of Engineering in Electrical and Electronics Engineering

Sri Krishna College of Engineering and Technology

06/2013 - 05/2016 | India

Diploma in Mechatronics Engineering

PSG College of Technology

06/2010 - 05/2013 | India

CERTIFICATIONS

Microsoft Azure DP-203 (Data Engineering Expert)
Microsoft

Alteryx Designer Core
Alteryx

Microsoft Azure AZ-900
Microsoft

Microsoft Azure DP-900
Microsoft

Microsoft Azure DP700 (Fabric Data Engineer)
Microsoft

SKILLS

Programming Languages

Python | SQL | PL/SQL | T-SQL | R

Big Data Processing & Frameworks

Apache Spark | PySpark | Databricks | Lakehouse Architecture | OLAP Design | Dimensional Modelling | Data Vault

Databases & Data Warehousing

MS SQL Server | Snowflake | Oracle | Teradata | MongoDB

ETL/ELT & Orchestration

Azure Data Factory (ADF) | SSIS | Alteryx | DBT | Airflow | DAG Orchestration | Control-M | Informatica PowerCenter | IICS

Cloud Platform

Microsoft Azure (Synapse Analytics, Data Lake, Databricks, Azure SQL, Azure Pipelines)

BI & Visualisation

Power BI | Tableau | OBIEE | GIS

DevOps, CI/CD & Version control Tools

GitHub Actions | Azure Pipelines | Azure Repos | JIRA | ServiceNow | GitHub

Data Quality, Governance & Analytics

Data Lineage | GDPR Awareness | ML Pipelines | Data Science fundamentals
